CERTIFICATIONS

SAP SuccessFactors Employee Central Certification
(previously certified; renewal planned 2026)

PROFESSIONAL SUMMARY

Senior SAP SuccessFactors Employee Central Consultant with extensive experience delivering enterprise HR solutions for multinational organisations across Europe and North America. Specialised in Employee Central implementations, production support and functional consulting, with hands-on experience leading workshops, configuring solutions, supporting global deployments and guiding organisations through complex HR system changes.

Trusted to work directly with HR leaders, business stakeholders and technical teams, translating complex technical concepts into practical business solutions. Selected to support international implementation activities on-site in the United States and Canada, continuing post-go-live support remotely for global environments. Experienced across the full project lifecycle and available immediately for contract assignments across Europe, the Middle East and worldwide.

PROFESSIONAL EXPERIENCE

SAP SuccessFactors Employee Central Consultant — Accenture

Spain | Jul 2025 – Dec 2025

- Delivered functional consulting services for multinational Employee Central environments, from requirements through configuration and change requests.
- Resolved production issues within agreed SLAs while facilitating workshops, testing and UAT activities.
- Mentored junior consultants and produced functional documentation supporting implementation and support.

SAP SuccessFactors Employee Central Consultant — SD Worx (Adessa)

Spain / Remote | Jun 2024 – Dec 2024

- Supported Employee Central implementations from configuration through deployment for multinational customers.
- Configured components, performed testing/UAT, supported production and delivered end-user training.

SAP SuccessFactors Employee Central Consultant — NGA Human Resources (now Strada)

Europe / North America | Jul 2017 – Jul 2020

- Delivered functional consulting and Employee Central implementations for enterprise customers, including organisations with workforces exceeding 100,000 employees.
- Key client: ThyssenKrupp — supported Employee Central configuration and production support as part of a large-scale global implementation.
- Supported international onsite delivery in Detroit, Atlanta and Toronto leading workshops with HR/IT stakeholders, then continued post-go-live support remotely.
- Configured Employee Central, Business Rules, MDF, Integration Center and Role-Based Permissions; acted as escalation point for complex production issues.

IT EXPERIENCE & BUSINESS LEADERSHIP

IT Support Specialist — Sweden / Spain

2012 – 2017 |

Provided 1st–3rd line support, infrastructure support, server installations and network support across enterprise environments.

Founded and successfully operate hospitality businesses in Thailand — Lemonade Boutique Inn (Owner & Operator) and The Sick Buffalo (Founder) — leading commercial strategy, operations, recruitment, financial management and customer experience. This entrepreneurial background complements enterprise consulting with practical business insight and an ownership mentality.
